AN ASSURANCE OF QUALITY AND PERFORMANCE

APA Group Services Ltd and APA Incorporated Companies are fully committed to consistently provide products and services that meet client and applicable statutory and regulatory requirements, and the needs and expectations of relevant interested parties.

The organisation has established, implemented, maintains and continually improves a quality management system, including the processes needed and their interactions, in accordance with the requirements of ISO 9001:2015 Quality Management Systems Requirements. This is independently audited and is certificated as a UKAS (United Kingdom Accreditation Service) compliant system.

Procedures and processes have been designed and implemented to ensure that good quality is achieved at all times. The organisation has determined the necessary competence of employees and contractors doing work under its control that affects the performance and effectiveness of the quality management system and ensures that they are competent on the basis of appropriate education, training, or experience. This includes training in how to use the quality management systems. All employees and subcontractors are managed and supervised to ensure that the processes and procedures are followed at all times.

We expect everyone working for us or on our behalf to strive to achieve and maintain the highest standards of quality performance at all times and to comply fully with the provisions laid down in this policy, the quality management system and the companies' quality arrangements.

As part of the continuous improvement process quality objectives are set by top management at relevant functions, levels and processes that are compatible with the strategic direction and the context of the organisation. These are recorded on a targets and objectives register and include measures, target dates and objective owners. These are reviewed and updated as part of the management review process. A copy of the current targets and objectives register is available to all employees through the computer systems, which can be accessed from the company offices and sites.

Top management will:

- Ensure the integration of the quality management system requirements into the organisation's business processes;
- Ensure that all employees are aware of this quality policy and the requirements of our quality management system;
- Promote the use of the process approach and risk-based thinking;
- Ensure that the resources needed for the quality management system are available;
- Monitor customers' perceptions of the degree to which their needs and expectations have been fulfilled;
- Conduct internal audits of the quality management systems at planned intervals to ensure that it achieves its intended results;
- Engage, direct and support employees, subcontractors and self-employed workers to contribute to the effectiveness of the quality management system
- Support other relevant management roles to demonstrate their leadership as it applies to their areas of responsibility

This policy will be reviewed annually, or sooner following experience or because of operational or organisational changes. We will also ensure that all changes will be brought to the attention of employees as necessary.

Signed on behalf of the Company:

Mr Andrew Appleyard
Managing Director - February 2024

APA Group Services Ltd and APA Incorporated Companies are fully committed to conducting all activities with due regard to the occupational health and safety of all of those we encounter including our employees, subcontractors, self-employed workers and the general public.

Senior Management take overall responsibility and accountability for the effectiveness of the health and safety management system and the prevention of work-related injury and ill health. In addition, Senior Management will provide a safe and healthy work environment facilitating a positive work culture driving continuous improvement.

The organisation will meet client and applicable legal requirements, and the needs and expectations of relevant interested parties.

The organisation has established, implemented, maintains and continually improves a health and safety management system, including the processes needed and their interactions, in accordance with the requirements of ISO 45001:2018 Occupational H&S Management Systems Requirements.

Procedures and processes have been designed and implemented to ensure that the organisation meets its legal compliance requirements and maintains high levels of health and safety management performance at all times. The organisation has determined the necessary competence of employees and contractors doing work under its control that affects the performance and effectiveness of the health and safety management system and ensures that they are competent based on appropriate skills, knowledge and experience. This includes training in how to use the health and safety management systems. All employees and subcontractors are managed and supervised to ensure that the processes and procedures are always followed.

We expect everyone working for us or on our behalf to strive to always strive to achieve and maintain the highest standards of health and safety performance and to comply fully with the provisions laid down in this policy, and the health and safety management system arrangements and requirements.

As part of the continuous improvement process health and safety objectives are set by top management at relevant functions, levels and processes that are compatible with the strategic direction and the context of the organisation. These are recorded on a targets and objectives register and include measures, target dates and objective owners. These are reviewed and updated as part of the management review process. A copy of the current targets and objectives register is available to all employees through the computer systems, which can be accessed from the company offices and sites.

Top management commits to the elimination of hazards and reduction of OH&S risks and will:

- Ensure the integration of the health and safety management system requirements into the organisation's business processes.
- Communicate the importance of effective health and safety management and of conforming to the health and safety management system requirements.
- Encourage open and honest reporting of adverse events.
- Ensure that the resources needed for the health and safety management system are available.
- Conduct internal audits of the health and safety management systems at planned intervals to ensure that it achieves its intended outcomes, eliminate hazards, reduce risk, and continually improve.
- Direct and support employees, subcontractors, and self-employed workers to contribute to the effectiveness of the health and safety management system and attend safety committee.
- Support other relevant management roles to demonstrate their leadership as it applies to their areas of responsibility

This policy will be reviewed annually, or sooner following experience or because of operational or organisational changes. We will also ensure that all changes will be brought to the attention of employees as necessary.

Signed on behalf of the Company:

Mr Andrew Appleyard
Managing Director – February 2024

APA Group Services Ltd and APA Incorporated Companies are fully committed to protecting the environment by preventing or mitigating adverse environmental impacts, mitigating the potential adverse effect of environmental conditions on the organisation, and ensuring that the organisation meets its legal obligations.

Top management accept that they are accountable for the effectiveness of the environmental management system.

The organisation will meet client and applicable legal requirements, and the needs and expectations of relevant interested parties.

The organisation has established, implemented, maintains, and continually improves an environmental management system, including the processes needed and their interactions, in accordance with the requirements of ISO14001:2015 Environmental Management Systems Requirements.
